**Shaping Tomorrow's
Solutions, Today.**

ABOUT US

Rabi Consulting (Pty) Ltd is a dynamic, multidisciplinary consulting firm dedicated to delivering tailored, innovative solutions across diverse sectors. While our expertise spans facilitation, assessment, moderation of training programmes, mentoring, and coaching, we hold a particular specialisation in public transport and infrastructure development. We provide strategic public transport advice, underpinned by rigorous research and evaluation, to meet the evolving needs of our clients

We transform complex challenges into sustainable solutions, empowering people and enhancing public transport to build a future that moves us all forward.

Our Vision

To be a transformative consultant in public transport and a leading training facilitator; driven by integrity, innovation, and social impact.

Mission

To empower individuals, organisations, and communities through expert facilitation, mentoring, coaching, and public transport advisory services.

RABI CONSULTING

Our Values

- **Integrity:** We operate with unwavering transparency and ethical practices in every endeavor.
- **Excellence:** We are dedicated to delivering high-quality services that consistently exceed client expectations.
- **Collaboration:** We champion teamwork, inclusivity, and strong partnerships.
- **Innovation:** We continuously evolve our methods to offer forward-thinking and cutting-edge solutions.
- **Social Impact:** We prioritize the well-being of communities and stakeholders in all our projects.

OUR APPROACH

At Rabi Consulting, our commitment is to provide customised solutions that directly align with our clients' strategic objectives.

RABI CONSULTING

Our elephant logo, with its raised ears, perfectly symbolizes our dedication to attentively listening to the needs of our clients and the communities we serve. This deep understanding allows us to offer robust, intelligent, and sustainable solutions. Our corporate colors of blue and white underscore our core values of professionalism, trust, clarity, and a relentless commitment to excellence.

SERVICES

We empower individuals, organisations, and communities through a comprehensive suite of services:

01

Facilitation

We lead engaging and productive training programs and workshops, meetings, and community engagements, ensuring seamless collaboration and effective communication among all stakeholders.

02

Assessment & Moderation

Our certified professionals provide reliable and accurate assessment and moderation services for educational, training, and professional development programs, ensuring the highest standards.

03

Mentoring & Coaching

We offer structured, results-oriented mentoring and coaching services designed to cultivate growth, leadership, and professional development for both individuals and teams.

04

Public Transport Advisory

Our specialists provide expert advisory services on transport planning, operations, and policy, helping to develop sustainable and efficient transport solutions.

05

Research, Monitoring, & Evaluation

Research is the cornerstone of our approach. We guide strategies in monitoring and evaluating transport-related projects, ensuring continuous improvement and data-driven decision-making.

06

Social Facilitation on Developmental Projects

We excel in managing stakeholder engagement and community relations during large infrastructure and capital projects, guaranteeing smooth progress and addressing social impact concerns proactively.

STRATEGIC PARTNERSHIPS

At Rabi Consulting, we believe in the power of collaboration and leveraging complementary strengths to deliver optimal solutions. We've forged strong partnerships with industry-leading organisations and professionals across various sectors. These strategic alliances broaden our service offerings and foster innovative solutions, ensuring our clients benefit from comprehensive expertise.

KM Consulting

As the consulting arm of KM Petroleum™, a 100% black-owned enterprise, KM Consulting specializes in organizational development, change management, leadership development, and strategic human resources management. Our collaboration helps build resilient, adaptive organisations capable of sustained success in a rapidly changing environment.

Bulumko Corporate Law Advisers and Consultants

This firm specialises in transport, corporate and commercial, Information and Communications Technology, public law, and social development. Their extensive experience in assisting transport clients in South Africa ensures our partnership enables organisations to streamline operations across sectors while guaranteeing compliance, sustainability, and robust stakeholder engagement. We create value through growth, risk mitigation, and social impact.

Maimele Investment Consulting Services

A black-owned and managed company that provides a full range of ICT and cybersecurity consulting services. Their expertise covers key areas like Enterprise Transformation, Cyber Security, Project Management, Human Capital Resourcing, System and Business Integration, and Strategy Development. Through a partnership with Rabi Consulting, Maimele helps deliver integrated solutions for public sector projects, including modernization and infrastructure development.

LevelUp Training Institute

A Level One BBBEE company, LevelUp Training Institute shares our vision of empowering individuals and organizations through targeted skills and enterprise development. Their mission to deliver high-quality, accredited training programs significantly enhances our capacity to offer relevant and recognized training and development initiatives to our clients and communities.

Lebone Institute

An accredited Education, Training and Development provider established in 2013, Lebone Institute is our trusted partner for professional development and certification in facilitation, coaching, and assessment. This partnership ensures the highest quality in our training services.

Overall Benefits of Our Partnerships

Expanded Expertise

Our partners contribute specialized knowledge and experience, significantly enhancing our core service offerings.

Innovative Solutions

Collaborating with cutting-edge firms keeps us at the forefront of industry advancements.

Comprehensive Approach

By working with strategic partners, we provide holistic solutions, addressing all aspects of our clients' projects.

MANAGEMENT

Meet the Founder

Driven by a profound passion for transforming public transport systems and fostering impactful leadership, Mr. Rabothata founded Rabi Consulting (Pty) Ltd. His overarching goal is to provide innovative and tailored consulting solutions that truly empower individuals, organisations, and communities, creating meaningful social impact and sustainable development.

Mr. Rabothata began his career at Telkom SA, where he spent over 10 years as a technician installing and maintaining telephone systems. His distinguished public service journey spans three decades, during which he held senior leadership roles, including:

- Director: Policy, Legislation, Research, and Knowledge Management – Gauteng Department of Roads and Transport
- Director: Regulation and Control, and Research and Analysis – Gauteng Department of Public Transport, Roads and Works
- Chief Director: Public Transport Services – Managed the Public Transport Operation Grant (bus subsidy), public transport integration, bus monitoring, and special projects.

Mogale Moses Rabothata
Founder and Managing Director

Qualifications

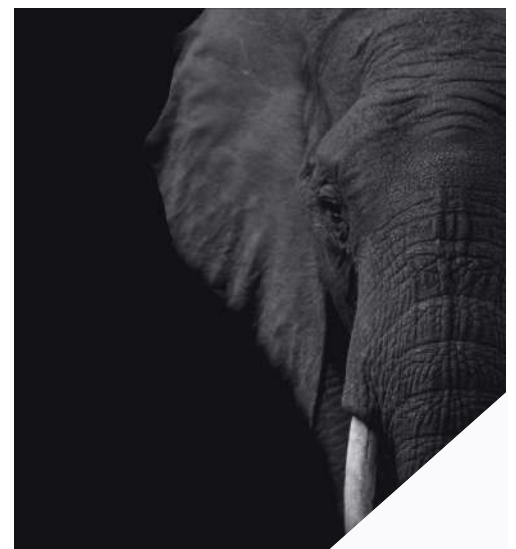

- *Master's Degree in Management – University of the Witwatersrand*
- *Post-Graduate Diploma in Monitoring and Evaluation Methods – Stellenbosch University*
- *Advanced Diploma in Public Administration – Stellenbosch University*
- *National Technical Diploma in Telecommunications (ICT) – Post Office College*
- *Senior Executive Programme for Southern Africa – Harvard and Wits Business Schools*
- *He is also an accredited facilitator, assessor, moderator, and has successfully completed the requirements for a certificate in the "Essentials of Coaching and Mentoring" program, ensuring the highest standards in capacity-building and leadership development.*

Notably, throughout his tenure as Chief Director: Public Transport Services, he achieved three consecutive clean performance audits, as verified by the Auditor General of South Africa, demonstrating his exceptional leadership and fiscal responsibility.

INDUSTRY EXPERTISE

Mr. Rabothata specialises in:

- **Public transport advisory**
- **Facilitation, assessment, and moderation**
- **Mentoring and coaching**
- **Research, monitoring and evaluation**
- **Social facilitation for capital projects**
